BOARD OF EDUCATION POLICY #5043**

School-Sponsored Publications

School-sponsored student publications and electronic media productions are part of the school district's instructional program. The board of education supports the development of student communication skills through school-sponsored newspapers, annuals, magazines, and electronic media including computer, video and digital productions.

Student publications and productions must conform to all good scholastic and professional journalistic standards. The board delegates to the superintendent of schools the right to prohibit dissemination of any school-sponsored publication or media production that does not conform to these standards, or which the superintendent or designee deems inappropriate for the school environment.
