WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.

There are several forms at the end of this handbook that you must read, sign, and return no later than Friday, August 14th, 2026.

Failure to return signed forms may limit internet access and eliminate participation in all extracurricular activities.

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Mr. Matt McLaughlin
Superintendent

MISSION STATEMENT

Cultivate lifelong
learners as they
successfully transition
into our diverse world.

VISION STATEMENT

Embracing Community,
Creating Integrity,
Achieving Greatness.

Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

SECTION ONE: BASIC SCHOOL RULES AND GENERAL PRACTICES

Attendance

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Tardiness

A student who does not have a valid excuse for being tardy to any class may be required to serve detention. After five (5) tardies to school, the student and parents may be required to meet with the principal to discuss the situation.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to re-enroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend an exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decision maker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Excused Absences - Others

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian.

1. Severe weather
2. Medical appointments for the student
3. Death or serious illness of the student's family member
4. Attending a funeral, wedding or graduation
5. Appearance at court or for other legal matters
6. Observance of religious holidays of the student's own faith
7. College planning visits
8. Personal or family vacations

Excessive Absenteeism

When a student receives 5 unexcused absences or the hourly equivalent in any semester, the Attendance Officer may send written notification of the student's total absences to the student's parent or guardian. When a student receives 10 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and offer to meet with the student's parents or guardians to discuss any barriers to the student's attendance. When a student receives 15 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and shall schedule a meeting with relevant stakeholders to discuss and address any barriers to the student's attendance, unless the Attendance Officer determines that such a meeting would not be productive in facilitating the student's regular attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

Absences due to illness

The school district will contact parents if a student becomes ill at school. The student will make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Planned absences

Parents who know in advance that a student will be absent are encouraged to communicate to the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

Students are obligated to:

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend school four (4) periods before attending practice or participating in a scheduled student activity except in cases of family emergencies or prearranged absences.
- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Parents are obligated to:

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement for each period of absence due to illness that exceeds five (5) consecutive days.

Pregnant and Parenting Students

The District will not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy. Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming in collaboration with the Title IX Coordinator.

Band

Students may participate in the elementary band and begin taking band lessons in the 5th grade. Students in grades 7-8 may participate in the middle school band; grades 9-12 may participate in the high school band. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

Bills

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school bookkeeper's office. Any check for these payments should be made out to Leyton Public Schools unless otherwise instructed. Pursuant to board policy, the district may assess an additional penalty of \$30 for any check returned from the bank for insufficient funds.

Books and Supplies

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

Breastfeeding and Lactation

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

Bulletin Boards

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.
2. All postings must identify the student or the student organization posting or publishing the notice.
3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as "any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated." Nebraska statute defines bullying as "an ongoing pattern of physical, verbal or electronic abuse." The District's administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Reporting Bullying

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district's anonymous platform SafeSchools Tip Reporting available on the district website homepage to make this report. Students can use the district's anonymous platform, Safe Schools Tip Reporting, to make the report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Cafeteria Rules

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, and milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray into the correct container. Forks and spoons should be placed in the pan with water, NOT

THROWN AWAY!

3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Second servings are available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
6. Students are required to remain in the multi-purpose room during lunch and breakfast unless prior approval has been granted by staff or administration. If a student requests to use the bathroom, cell phones must remain in the multi-purpose room.
7. School administration may approve lunch-time Open Campus incentives.
8. Students must treat lunch personnel with respect.
9. Students who violate the above rules will be disciplined.

Candy and Gum

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

Cell Phones and Other Electronic Devices

Students are prohibited from using cellular phones, smart watches or other electronic devices while at school except as provided in this policy. In this policy cell phones refer to cellular phones, smart watches or other electronic communication devices.

Cellular phones for junior high and high school students are to be powered off, kept in lockers or in the student's vehicle during school hours.

Elementary grade school students who have phones or electronic devices must be powered off and turned into the teacher at the beginning of the day, and they will be returned to them when class is over.

Students may use cell phones or other electronic devices on school sidewalks and in the common areas of the school before and after school so long as they do not create a distraction or a disruption and comply with all other policies and handbook provisions. Students may not bring their cellular phones or other electronic devices out of their lockers or otherwise use them during the lunch break. No student is allowed to go to their locker or vehicle during class to use a cellular phone or other electronic device.

By bringing their cell phones and other electronic communication devices to school, students consent to the search of said devices by school staff when the staff determines that such a search is reasonable or necessary.

Students may not have cell phones or electronic devices while they are in locker rooms, classrooms, restrooms or other areas in which others have a reasonable expectation of privacy.

Students are strictly prohibited from sending, sharing, viewing, or possessing pictures, text messages, emails or other material of a sexual nature in electronic or any other form on a computer, cell phone, or other electronic device while at school. Students who possess prohibited material on their cell phone or other electronic device while at school shall be subject to disciplinary consequences as articulated by the student handbook.

Students may not use cell phones or electronic communication devices while riding in school vehicles, including listening to music, unless they have permission to do so from the driver or other adult responsible for their supervision.

Exceptions to this policy will be made as required by state or federal law or to comply with a student's education plan (e.g. an Individualized Education Program or Section 504 Plan).

Students shall be personally and solely responsible for the security of their cell phones, smart watches or other electronic devices. The district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy or other school rules will have their cell phones or electronic devices confiscated immediately. The administration will return confiscated devices to the parent or guardian of the offending student, after discussing the rule violation with the student and parent or guardian. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline. As a result of this behavior, the following actions will be taken:

First Offense: 75% on assignment, student meeting, and parent phone call

Second Offense: 0% on assignment with no makeup opportunity, student meeting, and parent phone call

Third Offense: 0% on assignment with no makeup opportunity and parent meeting with the teacher and administrator.

Fourth Offense: Disciplinary action.

Child Abuse and Neglect

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

Class Dismissal

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

Closed Campus

Students may not leave the building without permission from the administration. Students may leave campus to go home for lunch if they have secured their parents' permission and submitted it to the office.

Coats and Boots

Elementary students must wear coats outdoors when the weather makes it advisable. The staff will decide when coats are required for recess.

Elementary students may choose to wear overshoes or boots when the playground is wet or muddy. Waterproof boots worn to school should be taken off and regular shoes worn during the day. Boots worn to school must be marked with the student's name.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district references Policy 3048 and uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please call the building secretary.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their students' possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school. The Districts Student Information System is JMC and all parents are encouraged to use the app. Please contact the building secretary for more information.

Complaint Procedure Board Policy - 2006

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:
 - a) Determine whether the complainant has discussed the matter with the respondent.
 - 1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.

- d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.
4. If either the complainant or the respondent is not satisfied with the decision he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.
- a) The appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.
 - c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.
 - d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.
5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:
- a) When the complaint is about a board policy, not implementation of the policy;
 - b) When the complaint involves the budget or school expenditure that have been or must be approved by the board; or
 - c) When the board is required by law, policy, or contract to hear a complaint or appeal.
6. If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.
- a) This appeal must be in writing.
 - b) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.

- d) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.
 - e) There is no appeal from any decision of the board unless authorized by law.
7. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:
- a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.
 - b) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.
 - d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.
 - e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights

promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review Copyright for Students found at:

<https://www.whoishostingthis.com/resources/student-copyright/>.

The district will require students to adhere to uniform standards and/or wear district approved or issued uniforms in order to participate in activities.

Students may be required to wear protective clothing or equipment or otherwise modify their attire or secure their hair to ensure the safety of themselves and others. Any student who violates any school policy regarding drug, alcohol, and tobacco use will be disciplined, up to and including short-term suspension, long-term suspension, or expulsion from school and/or referral to appropriate authorities for criminal prosecution.

Emergency Contact Information

Parents must complete an emergency information form for each child enrolled in the district. The form should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

Evacuations

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

Eye Exams

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They must provide evidence of the vision examination within six months prior to entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

Community Eligibility Provision

Leyton Public Schools is participating in the Community Eligibility Provision (CEP) for school year 2026-2027. If your child(ren) attend Leyton Public Schools, reimbursable breakfast and lunch meals that provide all required meal components will be available to them at no charge. However, there will still be fees charged for a la carte purchases such as second entrees and second or snack milks. High School second entrees are \$1.25 for breakfast and \$1.50 for lunch. Elementary/JH second entrees are \$1.00 for breakfast and \$1.00 for lunch. Snack/Second milks are \$0.55.

All students enrolled at Leyton Public Schools may participate in the breakfast and lunch program at no charge to them. Research provides supporting evidence that children who are not hungry perform better in school. By providing lunch to all children at no charge, we are hoping to create a better learning environment for our students.

The school breakfasts and lunches that we serve follow U.S. Department of Agriculture guidelines for healthy school meals. The School Nutrition Programs cannot succeed without your support; please encourage your child(ren) to participate in the school meals programs. Meals will be served to all students at no charge regardless of their eligibility status. Households do not need to complete a meal application to receive reimbursable meals at no charge. However, we strongly encourage you to complete an application if you are not direct certified to determine your eligibility for other programs such as fee waivers and summer EBT programs. If you have any questions about CEP, please feel free to contact us at 308-377-2301.

Payment for Meals

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the building secretary in the office.

If a student has no funds available to pay for a meal, the student will be permitted to charge up to \$30.00 for family account. Thereafter, if a student has no funds available to pay for a meal, no food will be provided.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year.

Upon discovering the presence of any indication of lice or louse eggs the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice or eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

Health Problems Limiting Activities

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

Homeless Children and Youth

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is Matt McLaughlin, who may be contacted at (308) 377-2301 or in person at 504 Main Street, Dalton, Ne. 69131.

Illness or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. The form should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Students who are except from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a

temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Lost and Found

All lost and found articles are to be taken to the building office. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled Methods of Competency Assessment of School Staff Who Administer Medication), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription medication.

1. Parents/guardians must provide a physician's written authorization for the administration of the medication.
2. Parents/guardians must provide their own written permission for the administration of the medication.
3. The medication must be brought to the school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

Non-prescription medication.

2. The medication must be brought to the school in the manufacturer's container.
3. The container must be labeled with the child's name and with directions or provision or administration of the medication.

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Media Center

Students must check out materials from the librarian on duty. Each borrower is responsible for all books checked out in his/her name. If a book is lost and not found by the end of the semester, the student must pay for it. Students must also pay for any damage they cause to library books.

Memorials

Memorials or plaques honoring deceased students are generally not allowed in or on the school grounds unless authorized by board policy. Dedications to students will not be allowed.

Scholarships in the deceased person's name will not be set up by the school. Scholarships set up by outside organizations or individuals, such as a foundation, will be allowed.

5. Steps for selection:
 - A) All candidates must meet GPA requirement and state their desire to become a member by returning letter of intent sent to them by the sponsor.
 - B) Candidates must fill out all forms describing their leadership, service, and character experiences and qualities. (Or submit a resume with this information.)
 - C) Teachers will evaluate the applicants on three categories of leadership, service, and character on a scale of 1-4.
 - D) Candidate must participate in a formal interview with select members of the faculty council.
 - E) The final selection of each member to the Leyton chapter of NHS shall be a majority vote of the faculty council.

Section 4 **Appeals in cases of non-selection**

1. The parent(s) and the student not selected to NHS should visit with the NHS sponsor for clarification on the selection procedures.
2. Should parent(s) and student still not be satisfied, the next level of discussion should be with the principal who will determine if there may be a technical or procedural problem with the non-selection.
3. The parent(s) and student may then make a request for a review in writing.
4. The faculty council and the principal will then consider the need for a review.
5. If a non-selected student and his/her parent(s) wish to challenge the principal's decision, they should follow the local school system's compliant procedure.
6. The National Council and the NASSP have no authority to review or overturn the judgment of the faculty council regarding selection of members.

Section 5 **Meetings and Activities**

1. Meetings will be held on an "as needed" basis throughout the school year and will follow Roberts Rules of order.
2. It is vital that all members attend these meetings to help the local chapter and its activities.
3. Support for all chapter activities is mandatory by all members.
4. All projects are to be structured to fulfill needs within the school and community.
5. Individual members are required to choose and carry out an individual service project and individual leadership project each year that reflects their particular talents and interests. The supervisor of these projects must complete a form confirming service/leadership hours, sign and provide a phone number for verification.

Section 6 **Officers**

1. The Leyton chapter of the NHS shall have the following offices: President, Vice-President, and Secretary/Treasurer.
2. These officers will form the executive committee of the NHS.
3. New officers shall be elected in the fall of each year by written ballot at the beginning of each school year. The current vice-president will become the president. Officers to be elected are vice-president (must be a junior), and secretary-treasurer.
4. The officers will conduct all meetings in the appropriate manner.
5. The executive committee will ensure that all chapter activities and procedures follow school policy and regulations.

Section 7 **Discipline and Dismissal Members**

1. Any member who falls below the standards of scholarship, service, leadership, or character may be considered for discipline or dismissal from the Leyton chapter of the National Honor Society. A member of the National Honor Society is expected to maintain his/her academic standing and take an active role in service and leadership to his/her school and community.
2. If a member's cumulative grade point average falls below the standard in effect when he/she was selected, he /she will be given a written warning. Grades of all National Honor Society members will be checked every semester to determine that this minimum average is maintained. Members who fall below the grade standard set by the Leyton High School National Honor Society will be given until the end of the next semester to correct the deficiency. During that time period, a member will have the right to a hearing before the faculty council if he/she so desires. If the cumulative grade point average remains below standard at the end of the warning period the student will be subject to further disciplinary action by the faculty council that includes consideration of dismissal from the chapter.

3. Violations of the law or school regulations can result in immediate consideration of the dismissal of a member (see Section 5 below). These violations include, but are not limited to DWI, stealing, destruction of property, plagiarism and academic dishonesty, truancy, or possession, selling, or being under the influence of drugs or alcohol at school or school-related activities or in the community.
4. Offenders of the school conduct code (such as use of profanity, failure to comply, unexcused absences, excessive tardiness, etc.) will receive written warning notification. A conference may be requested by either party (faculty council or student/parent). If the member is involved in another violation of the school conduct code, the member may be considered for dismissal.
5. Chapter officers, as representatives of the chapter, can be removed from their positions as a consequence of disciplinary action taken by the faculty council.
6. In all cases of pending dismissal:
 - a. The member will receive **written notification** from the adviser/faculty council indicating the reason for consideration of dismissal.
 - b. The member has the **right** to respond to the charge(s) against him/her at a **hearing** before the faculty council prior to any vote on dismissal (in accordance with due process identified in Article X of the National Constitution). The member has the opportunity to present his/her defense either in person or via a written statement presented in lieu of the face-to-face hearing. Following the hearing, the faculty council will then vote on whether to dismiss. A majority vote of the faculty council is needed to dismiss any member.
 - c. The results of the faculty council vote will be presented to the principal for review, and then stated in a letter sent to the student and parents. Dismissed members must surrender any membership emblems to the adviser.
 - d. The faculty council's decision may be appealed to the building principal and afterwards according to provisions of the school district discipline policies.
 - e. A member who is dismissed or resigns may never again be considered for membership in the National Honor Society.
7. In lieu of dismissal, the faculty council may impose disciplinary sanctions upon a member as deemed appropriate.
8. The National Council and the NASSP shall hear no appeals in dismissal cases.

Section 8 **Procedures for Amending the By-Laws**

1. Proposed changes to these By-Laws must be submitted to the chapter sponsor in writing.
2. Once the draft is prepared, the members of the chapter are given copies to review and discuss before a final vote is taken.
3. Proposed changes, amendments, or revisions require a two-thirds (2/3) majority vote of the NHS membership.
4. Once the change is passed by the NHS membership, the faculty council must approve the changes in the By-Laws. A majority vote by the faculty council will finalize the change in the By-Laws.

Opting Out of Assessments

The Board of Education has adopted a policy on approval and denial of state and federal assessment opt-out requests, which is based on requirements in law. The policy can be requested by contacting the Superintendent of Schools or can be viewed online by visiting: www.leytonwarriors.org

Parental Involvement

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination, and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities, such as training to help parents work with their children to improve achievement. A goal of these parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.
4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. The district will educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to communicate with and work with parents as equal partners.

Parties

Elementary classes may have seasonal parties during the year. Parents shall communicate with their student's classroom teacher for the teacher's rules regarding birthday and holiday parties. Invitations for private parties and non-school-sponsored events may not be distributed unless everyone in the class is invited.

Personal Items

The school provides the necessary equipment for classroom and school day activities. Students should not bring items such as athletic equipment, electronic devices, toys, blankets or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. The school is not responsible for damaged or lost personal items or equipment.

Physical Education

The school district requires students to receive physical education to assist them in developing gross and fine motor skills. Students are not required to wear P.E. uniforms, however, high school students are required to dress out and wear gym shoes only for P.E.

Physical Exam

Students entering kindergarten and the seventh grade, and those entering school from another state, are statutorily required to show evidence that they have had a physical examination within six months prior to the date of entering school. All students participating in athletics must submit a completed physical prior to the sport beginning.

Pictures

The school district arranges for a photographer to be present at school in the fall to take class pictures. Activity pictures will be taken during the season. Parents will be notified of the date. Included in the individual packet is a class composite. Parents who want pictures of their students or of their student's class composite may purchase them directly from the photographer.

Playground Rules

Students must follow these rules to keep the playground safe when they are using the playground as part of the school day:

1. Students must obey the playground supervisor at all times.
2. Students may not enter the street/highway to retrieve a ball unless given permission by the playground supervisor.
3. Students must play away from the school windows.
4. Touch and flag football are permitted, but tackle football is prohibited.

7. Students may not leave the playground after they have arrived at school for the day.

Students who violate these rules will be disciplined with the loss of recess or other privileges, detention, and/or other consequences.

The school's playgrounds, equipment, and surrounding areas are generally not supervised. Staff will supervise students when the students are using these areas as part of the school day or as part of a school activity. At all other times and in all other circumstances, the school district does not provide supervision of its playgrounds, equipment, and surrounding areas.

Police Questioning and Apprehension

Police or other law enforcement officers may be called to the school at the request of school administration or may initiate contact with the school in connection with a criminal investigation. The school district shall inform parents when law enforcement officers seek access to their student prior to the student being questioned unless the officers are investigating charges that the student has been the victim of abuse or neglect. Members of the school district staff will comply with board policy regarding police questioning of students.

Protection of Student Rights

The Board of Education respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy in consultation with parents to comply with the Protection of Pupil Rights Amendment (PPRA). The policy is available on the district's website or upon request from the district's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the superintendent. The approximate dates during the year when a survey requesting personal information as defined in the Protection of Pupil Rights policy is scheduled are as follows: Spring of each school year. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the superintendent.

Students taking the ACT Exam will be prompted to complete a short, optional questionnaire addressing a number of topics. If you wish to review this questionnaire prior to the administration of the exam, please submit a written request to the superintendent.

Public Displays of Affection

Students may not engage in public displays of affection that are disruptive to the school environment or distracting to others. Prohibited conduct includes hugging, kissing, touching or any other display of affection that a staff member determines to be inappropriate.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term "custodial parent" refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students' records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent's request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Random Drug Testing

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right. Students in all extracurricular activities in grades 6-12 shall be subject to mandatory and random testing for the presence of, tobacco/nicotine, alcohol, or illegal drugs per policy #5900 – Extracurricular Drug Testing Program.

School staff will provide supervision for students at the high school at 7:15am and at the elementary/Jr. High at 7:30am. Students are to leave the school grounds after dismissal. **There will be no supervision provided by the school before or after these times.** Parents must arrange for their children to leave school promptly at the end of the day.

Self-Management of Diabetes or Asthma/Anaphylaxis

Subject to school policy, the school district will work with the parent or guardian in consultation with appropriate medical professionals to develop a medical management plan for a student with diabetes, asthma, or anaphylaxis. Parents desiring to develop such a plan should contact Heidi Rushman, (308) 884-2247 or heidi.rushman@leytonwarriors.org. See page 59 for policy and protocol.

Smoking and Tobacco

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property at any time.

The ACT will be administered annually for grade 11. K-6 Dibbles testing will be administered 3 times annually.

Student Assistance

Parents who believe their students have any learning, behavior, or emotional needs that they believe are not being addressed by the school district should contact the student's teacher. If appropriate, the teacher may refer the student to the MTSS (Multi-Tiered System of Support) Team. The MTSS Team can explore possibilities and strategies that will best meet the educational needs of the student.

Student Fee Policy

The school district shall provide free instruction in accordance with the Nebraska State Constitution and Nebraska State law. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not extracurricular activities. Students are not required to participate in the free or reduced-price lunch program to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to the district office.

Voluntary Contributions to Defray Costs.

When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the district are directed to communicate that fact clearly to students, parents, and patrons.

Fund-Raising Activities

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodation and support under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodation to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodation, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and arrange for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Student Government

Students are encouraged to formulate and participate in elective and representative student government activities. The organization, operation, and scope of the student government shall be administered by the superintendent or designee.

Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district no later than Monday, August 18th, 2026.

Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or

medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Student Schedule Changes

Student schedule changes may be made without penalty during the first five days of each semester. Drop and Add slips are to be obtained from the school counselor must be signed by the guidance counselor, building principal, and parent/guardian before they are presented to the teacher of the class that is to be added or dropped.

Student Use of AI Tools

As used in this section, artificial intelligence tools ("AI Tools") mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Individual staff members will decide for each individual assignment the extent to which students may use AI Tools.

2. If a student uses any AI Tools in connection with a school assignment, the student must:
 - a. Give proper attribution to the specific AI Tool(s) used to the same extent that students are expected to give proper attribution to other sources of information such as books, texts, encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.
 - b. Never copy and paste the output from the AI Tool into the student's work as if the student wrote such section himself or herself.
3. Students may never use AI Tools to:
 - a. Cheat on any assignment, test, or quiz;
 - b. Help answer questions on a test or quiz without staff member permission;
 - c. Make or share deepfakes or fake images, audio, or video of any real person;
 - d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
 - e. Bully, harass, threaten, intimidate or impersonate any person;
 - f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
 - g. Use AI Tools to bypass accommodations, content filters, or school security.
4. A student may use AI Tools as an accommodation if his/her IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.
5. A student's failure to meet the requirements stated in this policy will constitute a violation of the district's prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.
6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may impose more stringent requirements for any specific academic assignment or coursework.

Telephone Calls

The school's telephone may be used only with permission of staff.

Threat Assessment and Response Board Policy - 3039

The board is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A **threat** is an expression of willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
 - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of distinguishing "transient" threats from serious ones in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.

- ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act solely as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Investigation and Response

All reports of violent, threatening, stalking or other behavior or statements which could be interpreted as posing a threat to school safety will immediately be forwarded to the designated law enforcement unit. Upon receipt of an initial report of any threat, the law enforcement unit shall initiate an initial inquiry/triage and make a determination of the seriousness of the threat as expeditiously as possible. The law enforcement unit must contact local law enforcement if it determines that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the law enforcement unit will meet to evaluate and respond to the threatening behavior.

The law enforcement unit may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the law enforcement unit determines to be reasonable and useful.

If the threat has been made by, or is directed towards, a student with a disability, the superintendent must confer with a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate.

At the conclusion of the investigation, the law enforcement unit will share its findings with the superintendent. The superintendent will determine what, if any, response to the threat is appropriate. The superintendent is authorized to disclose the results of the investigation to law enforcement and to the target(s) of any threatened acts. The superintendent may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of the investigation to the student's individualized education plan team.

4. Communication with the Public about Reported Threats

To the extent possible, the superintendent will keep members of the school community informed about substantive threats and about the district's response to those threats. This communication may include oral announcements, written communication sent home with students, and communication through print or broadcast media. However, the superintendent will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

5. Coordination with the Crisis Team After Resolution of Threat

The superintendent will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School's Safety Plan.

Transportation Services

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses. The Superintendent will schedule bus routes, and questions concerning them should be directed to that office.

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

A) Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Student must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

B) Consequences

- 1) Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.
- 2) These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law

and board policy.

C) Records

- 1) Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of the non-route student presents written permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver).

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. A student may travel home from an activity with his/her parent or guardian if the activity sponsor has personally released the student to the parents' custody. A participant may ride home with an adult if the participant's parent/guardian has personally contacted the principal prior to the activity and the adult personally contacts the sponsor at the activity prior to leaving with the student. (Board Policy #6029)

Video Surveillance, Recordings, and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Recordings made by Parents / Guardians and Patrons

Parents/guardians and patrons may make recordings of school activities in a non-disruptive manner including things like athletic contests and school board meetings to the extent permitted by law unless otherwise lawfully restricted by the administration. Parents/guardians or patrons may not make recordings if they are volunteering or visiting school during the school day without permission of the administration or supervising staff member and subject to this policy, such as recording their child's classroom activities or recess. Violation of this policy may be grounds for exclusion from school property, loss of volunteer privileges, or other restrictions deemed appropriate by the administration.

Recordings made by Students

This policy applies to students during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event. Students may make recordings of school activities in a non-disruptive manner including things like athletic contests and other extracurricular performances to the extent permitted by law. Students generally are not permitted to record classroom instruction or members of the school community during the school day without the express consent of a staff member or as required by the student's education plan. Student use of assistive technology that has the capacity to record and/or transmit recordings (e.g. AngelSense) must be approved by the student's education team or administration. Students remain subject to all other district policies and rules. In no event shall recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy.

Students who violate this policy may be subject to discipline up to and including expulsion.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced on Leyton website, facebook, KSID, KNEB and JMC. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities may be canceled.

Withdrawal From School

Students who are moving from the district must notify the school office.

Work Permits

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

SECTION TWO: ACADEMIC INFORMATION

Class Rank

Class rank shall be based on cumulative grade point average of final semester scores that a student has earned from all of the classes they have taken, unless the Course Description Book identifies the course as not counted in determination of Valedictorian/Salutatorian and class rank. (Board policy #6008)

Students who transfer into the school district will be eligible to be included in class ranking after two semesters of attendance.

Students who transfer into the school district in middle of their senior year will be eligible to be included in class ranking, although a mid-year transfer will not displace the ranking of a student who has not transferred mid-year. In those circumstances there will be two students holding the relevant class ranking. Mid-year transfer students will not be eligible to receive senior awards such as valedictorian and salutatorian unless the student has been enrolled in the district's high school for the last two semesters.

Credit for Non-Academic Work

Credit is not awarded for participation in extracurricular activities such as sports, speech, drama, etc.

Dual Credit and Independent Study Courses

Students may choose to take dual credit courses which are courses they receive credit from two institutions for the same coursework completed concurrently. Work is completed primarily online and students are responsible for maintaining adequate progress. Courses must be approved by school counselor. Registration information is available from the school counselor.

The school counselor will assist students with registration for dual credit college courses, however, parents of students enrolling in college dual credit courses will be responsible for all fees associated with obtaining college credit with the corresponding post-secondary institution.

The district will not be liable for the costs of such courses until the student has successfully completed the course according to the Leyton Master Calendar. After the student has completed the course with a passing grade and the district has reimbursed the student for these costs, the textbooks and class materials shall become the property of the district.

Absences incurred by a student when his/her college course is not in session shall be excused absences.

Students who take college-level dual credit courses, will be granted the letter grade awarded by the college on their Leyton transcript.

Grades

Students will receive letter grades for their core academic classes.

A student who receives an incomplete during his/her senior year must satisfactorily complete the classroom assignments to participate in the graduation ceremony. Seniors with incompletes will not be dismissed from school attendance until the classroom assignments are completed to the teacher's satisfaction.

Leyton Academic Eligibility Policy

Student academic eligibility for participation in extra-curricular activities will be determined on a weekly basis beginning on the third Friday of each semester. Teachers will have grades posted by 12:00 Friday or the last school day of the week. A student will become ineligible by receiving one F. Eligibility will go into effect the following Monday through Sunday. At the discretion of the sponsor, ineligible students will be allowed to participate in practice. Eligibility will reset at the end of each semester. Activities affected by the eligibility rule are:

1. All interscholastic contests, including but not limited to, athletics, eSports, FFA, speech contests, and similar organizations or events.
2. Cheerleading.
3. Pepband
4. All school dances.
5. Other activities deemed appropriate by the principal.

The school district will notify a participant and his or her parents whenever the participant is declared academically ineligible.

Students may not participate in any activity, performance or practice while serving an ISS (in school suspension), a short-term suspension, long-term suspension, or expulsion from school.

Graduation Awards

Graduating seniors will be awarded for their academic achievements during the annual commencement activities. Valedictorian and Salutatorian will be calculated on 8 semester cumulative grade point average. Valedictorian and Salutatorian will be named based on the students' posted GPA as of the Monday prior to graduation of each academic year. The seniors' final grades will be posted at the end of the school year. If the highest GPA in the senior class are within .01 of one another, Co-Valedictorians and/or Co-Salutatorians will be named in the class. (Board Policy #6007, #6008)

Students whose cumulative grade point average in course work completed in grades nine through twelve ranks them in the top twenty-five percent of their class and will be recognized during commencement exercises.

Graduation Requirements

Credits are earned by passing courses. Each year-long course is worth 10 credits, and each semester-long course is worth 5 credits. The total credits required for graduation must be earned by the day before Graduation, or the student cannot participate in the graduation ceremony. The following graduation requirements begin with the Class of 2028.

270 total credits in grades 9-12, including the following:

- 40 credits of English
- 30 credits of Mathematics
- 30 credits of Science
- 30 credits of Social Science
- 35 credits of Vocational or CTE (career technology education) courses
- 10 credits of Fine Arts

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multi-Disciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

Homework

Classroom teachers will often assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student. Normally, at least an hour a day should be spent in preparing for an average assignment.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers and consult with the principal and/or the guidance counselor.

A & A/B Honor Roll

Honor Roll awards will be reported at the conclusion of each quarter and semester. **A Honor Roll** is reserved for students who earn 93% or above in all of their enrolled courses. **A/B Honor Roll** is reserved for students who earn 86% or above in all of their enrolled courses.

Early Graduation

Students are generally required to attend four years of high school (minimum of seven semesters) to be eligible to receive a diploma from the school district.

The Board of Education, upon receiving administrative recommendation, may grant early graduation from high school to students who have completed the requirements for graduation. To be considered for early graduation from high school, the student and his/her parents or guardian should apply a semester prior to anticipated graduation. The Board of Education will act on all requests. Any student who is granted early graduation from high school forfeits all privileges of high school enrollment, except the right to participate in commencement exercises. Further information is found in Board Policy #5066.

Report Cards

Report cards are sent home the week following the end of each semester. Mid-quarter reports are also sent to parents of students who are having difficulty in an academic subject.

SECTION THREE: STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a Parent to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

For the purpose of this section, "Parent" means parent, guardian, or educational decision maker of the student. "Educational decision maker" means a persona designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and

weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

An elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 29-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee.

As an alternative to suspension the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a Parent at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.
- Detentions are 30 minutes, served in the room designated by the building principal.

Saturday School

The building administrator may require a student to attend Saturday School for four hours on Saturday morning. Saturday School is held from 8:30am to 12:30pm in a classroom staffed by teachers. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed from the classroom and will face further disciplinary action.

In-School Suspension

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to seven and a half (7.5) hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting ground for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such

conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- 1) The principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
- 2) After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the parent will be given oral and written notice of the charges against the student. They will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and an opportunity to present evidence of the student's version of the facts.
- 3) Within 24 hours or such additional time as is reasonably necessary following the suspension, the principal will send a written statement to the student and the student's parent, describing:
 - a) the student's conduct, misconduct, or violation of the rule or standard;
 - b) the reasons for the action taken;
 - c) the actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension;
 - d) resources the school is able to provide or recommend to assist the student;
 - e) and how the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.
- 4) An opportunity will be given to the student, and the student's parent, to have a conference with the principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The principal shall determine who, in addition to the parent, is to attend the conference. If no conference has been held, a parent may submit a written request to the suspending principal before the student returns to school.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall provide either an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in Neb. Rev. Stat. 79-266.

5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

 4. Nothing in this policy shall preclude the student, student's Parent, or representative from discussing and settling the matter with appropriate school personnel prior to the time the long-term suspension, expulsion, or mandatory reassignment takes effect.
 5. If a hearing is requested within five days after receipt of the notice, the Superintendent shall recommend appointment of a hearing examiner within two school days after receipt of the hearing request. Any person may report sex discrimination, including sexual harassment. This report may be made by any means to the district's Title IX Coordinator, who can be contacted at Mr. Charles Jones, Leyton Public Schools, PO Box 297, 504 Main Street, Dalton, NE 69131, charles.jones@leytonwarriors.org, 308-377-2301. Any other inquiries regarding the application of this policy should be referred to the Title IX Coordinator.

Definitions. As used in this policy, the following terms are defined as follows:

- **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
- **Formal complaint** means a document or electronic submission filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting that the district investigate the allegation of sexual harassment. - **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
- **Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.
- **Sexual harassment** means conduct on the basis of sex where (1) An employee of the district conditions the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct; (2) An individual experiences unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies the person equal access to the district's education program or activity; (3) An individual experiences a sexual assault, dating violence, domestic violence, or stalking as further defined below. Any report of conduct not meeting these definitions will not require the grievance procedure described in this policy.
- **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:
 - **Sex Offenses**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.
 - **Rape**—(Except Statutory Rape) Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, or by a sex-related object. This definition includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.
 - **Criminal Sexual Contact**—The intentional touching of the clothed or unclothed body parts without consent of the victim for the purpose of sexual degradation, sexual gratification, or sexual humiliation. The forced touching by the victim of the actor's clothed or unclothed body parts, without consent of the victim for the purpose of sexual degradation, sexual gratification, or sexual humiliation.  - where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - The length of the relationship.
 - The type of relationship.
 - The frequency of interaction between the persons involved in the relationship.
- **Domestic violence**, as defined in 34 U.S.C. § 12291(a)(8), which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
- **Stalking**, as defined in 34 U.S.C. § 12291(a)(30), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- **Supportive measures** are non-disciplinary, non-punitive individualized services offered without fee that do not unreasonably burden the parties. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

Reporting Sexual Harassment. Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the district's Title IX Coordinator. district personnel will not retaliate against any individual based on any report of suspected sexual harassment. Any district employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

Response to Sexual Harassment

General Obligations. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district's ability to impose discipline for off-campus misconduct does not necessarily constitute "substantial control" over the respondent and the context. The district's response to an allegation of sex harassment will treat complainants and respondents equitably.

Limitations on Discipline. No respondent will have disciplinary sanctions imposed upon him/her until the conclusion of the formal grievance process described below.

Emergency Removal. Disciplinary sanctions do not include removal on an emergency basis where the respondent is an immediate threat to the health or safety of another as a result of allegations of sexual harassment. The district also may place any employee on administrative leave during the pendency of the grievance process below.

Grievance Process for Formal Complaints of Sexual Harassment

General Obligations. All Title IX team members and individuals carrying out district obligations will comply with the regulatory requirements of objective evaluations, avoiding conflict of interest or bias, training, and protection of legally privileged information.

Presumption. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Grievance Procedure

Time Frames. The district will resolve grievances in a time frame that is reasonably prompt. Good cause for delay may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Range of Possible Sanctions and Remedies. At the conclusion of the grievance process, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion and/or immediate discharge from employment.

Separation of Roles. The decision-maker cannot be the same person as the Title IX Coordinator or the investigator(s).

Notice of Allegations. Upon receipt of a formal complaint, the district will provide notice of this policy and the allegations to all parties. The notice will include sufficient details known by the district at that time to provide sufficient time to prepare a response before any initial interview. Sufficient details, if known by the district, include the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident. The district will provide notice of additional allegations revealed during an investigation to the parties.

Dismissal of Formal Complaint. The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint, would not constitute sexual harassment even if proven; did not occur in the district's education program or activity; or if the conduct alleged did not occur against a person in the United States.

The district **may** dismiss the formal complaint if, at any time during the investigation or hearing, the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled in or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint. The district may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances.

The district will bear the burden of gathering evidence sufficient to reach a determination regarding responsibility. All parties will have an equal opportunity to present witnesses,

including fact and expert witnesses, and other inculpatory and exculpatory evidence. The district may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

All parties will have the same opportunity to be accompanied by the advisor of their choice in any meeting or grievance proceeding. This policy does not relieve the advisor of choice of any other applicable legal obligations or limitations. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The district will provide written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

All parties will have an equal opportunity to inspect and review evidence obtained as part of the investigation if that evidence is directly related to the allegations raised in a formal complaint. The parties will have no less than 10 calendar days to review the evidence and submit a response. The investigative report will fairly summarize the relevant evidence and the investigator will send the finalized report to all parties and their advisors.

Determination Regarding Responsibility. Before the district reaches a determination regarding responsibility, each party may submit written, relevant questions of any party or witness. The decision-maker will provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition are never relevant. Questions about the complainant's prior sexual behavior are only relevant if those questions and evidence are offered (1) to prove that someone other than the respondent committed the conduct alleged by the complainant, or (2) are offered to prove consent and concern specific incidents of the complainant's prior sexual behavior with respect to the respondent. If the decision-maker decides to exclude a question because it is not relevant, he/she will explain the basis for that decision.

The decision-maker will issue a written determination regarding responsibility no sooner than ten days after the parties receive the final investigative report. The decision-maker will apply the preponderance of the evidence standard. The written determination will include:

Identification of the allegations potentially constituting sexual harassment;

- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the district's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- The district's procedures and permissible bases for the complainant and respondent to appeal. The district will provide the written determination to the parties simultaneously. If neither party timely appeals, the determination becomes final. If a party appeals, the determination will become final on the date that the district provides the parties with the written determination of the result of the appeal.

Appeals. The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools no later than 5:00 pm on the fifth calendar day after the written determination is issued. The Notice of Appeal must include (a) the name of the party or

parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal.

Grounds for Appeal. Appeals are limited to the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination or dismissal was made that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The district will notify other parties in writing when an appeal is filed; implement appeal procedures equally for all parties; and ensure that the decision-maker for the appeal is not the same person as the decision-maker, the investigator(s), or the Title IX Coordinator.

The district will give both parties a reasonable, equal opportunity to submit a written statement that supports or challenges the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Informal Resolution. The district may informally resolve allegations without completing the grievance procedure with the written consent of all parties. The process may not be used when allegations involve an employee harassing a student. As part of this process, the district will provide to the parties in writing a notice stating:

- the allegations;
- the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
- that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Recordkeeping. The district will maintain the following records for a period of seven years:

Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed, and any remedies provided;

- Any appeal and its result;
- Any informal resolution and its result; and

All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website, then the district will make these materials available upon request for inspection by members of the public.

The district will also create records documenting any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken. The district will maintain these records for a period of seven years.

Retaliation Prohibited. Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Notification of Policy. The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Publication of Policy. The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

Application Outside the United States. The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

Scope of Policy. Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

LEYTON PUBLIC SCHOOLS BOARD OF EDUCATION POLICY #5900

Extracurricular Drug Testing Program

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right. Students in all extracurricular activities in grades 6-12 shall be subject to mandatory and random testing for the presence of, tobacco/nicotine, alcohol, or illegal drugs.

1. Purpose of Random Drug Testing

- a.** The school district seeks to provide safe, substance-free schools.
- b.** The school district has recognized that observed and suspected drug, alcohol, and tobacco/nicotine use and abuse has increased among the student population, including students participating in extracurricular activities.
- c.** The school district seeks to deter the use of illegal and prohibited drugs, alcohol, and tobacco/nicotine among students.
- d.** The school district recognizes that students who use illegal and prohibited substances pose a threat to the health and safety of themselves, other students, teachers, administrators, and other persons.
- e.** The school district believes that the drug, alcohol, and tobacco/nicotine problem among the student body will be addressed by making sure that the large number of students participating in extracurricular activities do not use drugs, alcohol, and tobacco/nicotine and have an ongoing reason to say, "No," when presented with a chance to use.

2. Notice.

Each student who participates or seeks to participate in extracurricular activities shall be given a copy of this policy. This policy may also be included in the student handbook.

3. Drug Testing Coordinator.

The Drug Testing Coordinator shall be the Activities Director or his or her designee unless otherwise indicated.

4. Extracurricular Activities.

This policy applies to any activity that meets the guidelines of an extracurricular activity at the school district which includes but is not necessarily limited to the following:

Basketball	Band/Jazz Band	Student Council
Cheerleading	FFA	Speech
Track	Musicals/One Act	Quiz Bowl
Football	Wrestling	School Dances
Cross Country	Show Choir	
Golf	Volleyball	

5. Students Who Are Required to Submit to Drug Testing

- a. **Grades.** All students in grades 6-12 who participate in any extracurricular activity or competition are part of the pool subject to random drug testing.
- b. **Consent.** A student and his or her parent(s)/guardian(s) must sign a consent form before the student shall be eligible to try out for, practice with, or participate in the extracurricular activity. The consent form is attached to this policy.
- c. **Selection Pool Eligibility.** Students shall remain in the selection pool for an entire calendar year (365 days) from the date the consent form is received by the school district.
- d. **Withdrawal.** Students who have a consent form on file remain eligible for drug tests from the date the consent form is received by the school district and throughout the remainder of the school year or until the student files a Withdrawal of Student from Activity form signed by the student and his or her parent(s)/guardian(s). Upon withdrawal, the student shall not be eligible to participate in any activity that is subject to drug testing for the remainder of the school year. A student who files a Withdrawal of Student from Activity form after selected for a random drug test but before submitting to the test or after testing positive shall be ineligible to participate in any extracurricular activities for one calendar year from the date the Withdrawal of Student from Activity form is received by the Drug Testing Coordinator.

6. Drugs.

Students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having drug, alcohol, and tobacco/nicotine present in their system. For purposes of this policy, "drugs" means:

- a. Any substance considered illegal by the Uniform Controlled Substances Act, NEB. REV. STAT. § 28-401 *et seq.*
- b. Any substance which is controlled by the Food and Drug Administration unless prescribed to the student by any licensed medical practitioner authorized to prescribe controlled substances or other prescription drugs;
- c. Alcohol for any student under the age of 21. Alcohol shall have the meaning as provided in NEB. REV. STAT. § 48-1902(1);
- d. Any tobacco or other substance which introduces nicotine and other tobacco-related substances into the body, including alternative nicotine products, vapor products, or electronic nicotine delivery systems ingested in any way, such as by use of an e-cig, vape pen, or Juul.

7. Testing Procedures

- a. **Student Selection.** All students who participate in extracurricular activities and submit a consent form will be included in a master list and will be subject to random drug screening. The master list shall be submitted to the company employed by the district to conduct the testing.
- b. **Reasonable Suspicion Testing.** In addition to random drug testing, a student is subject to drug testing at any time when the Drug Testing Coordinator determines there is individualized reasonable suspicion based upon articulable facts to believe that the student has used a drug. The Drug Testing Coordinator will notify the student and take the necessary steps to schedule a test as soon as practicable.
- c. **Parental Request.** Students who do not participate in extracurricular activities may be added to the random drug screening master list upon parental request. Parent(s)/guardians may also request that their student be subject to non-random

drug screening. The school will arrange for the test as soon as practicable. The parent(s)/guardian(s) making a request under this subparagraph must submit a signed consent form and indicate which type of test is being requested. Any cost associated with tests administered as a result of parental request must be paid by the parent(s)/guardian(s) in advance of the test.

- d. Type of Test.** The school district reserves the right to utilize breath, saliva, hair, urinalysis, or any other reliably recognized testing procedures. Urine and oral fluid samples which screen positive will be confirmed by GC/MS. Positive saliva or breath alcohol tests will be confirmed by EBT (Evidential Breath Tester). Other testing methods will be confirmed via industry-recognized processes and equipment.
- e. Collection Site.** The Drug Testing Coordinator will designate the collection site at which student will provide specimens. The collection site may be off the premises of the school district.
- f. Collection Procedures.** The school board will select a Drug Program Administrator (DPA). The DPA shall randomly select the students subject to drug testing from the master list on a monthly basis during the official time activities on in-season.
 - (i) The DPA will make selection based on 10% of Student pool monthly.
 - (ii) The DPA will maintain and follow generally accepted industry standards for collecting, maintaining, shipping, and accessing all specimens. The DPA will seek to obtain the sample in a manner designed to ensure accurate testing protocols while minimizing intrusion into a student's privacy.
 - (iii) The DPA and the school district will provide a copy of the collection procedures upon request.
- g. Drugs.** Students may be randomly tested for any drugs, including but not limited to nicotine, alcohol, amphetamines, marijuana or cannabinoids, cocaine, methadone, methaqualone, propoxyphene, hallucinogens, opiates, phencyclidine, synthetic opiates and PCP, steroids, barbiturates, benzodiazepines, alcohol, and any prescription drug that was obtained without proper authorization.
- h. Results.** The DPA shall notify the student and the Drug Testing Coordinator of any positive test after the initial screening. The school representative shall notify the student's parents. The DPA will use a secure method to transmit all positive test results to the DPA's Medical Review Officer (MRO). The MRO will be certified by an MRO accreditation body. The MRO will be responsible for reviewing test results and determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. Prior to making a final decision, the MRO or his or her assistant shall contact the student and his or parent(s)/guardian(s) to discuss the result either face-to-face or over the telephone. If the MRO determines the test results are negative, no further action shall be taken against the student. The MRO will report results of verified positives to the DPA. The DPA shall then notify the Drug Testing Coordinator of the positive test result. The Drug Testing Coordinator shall notify the student and his or her parent(s)/guardian(s) and any staff members responsible for implementing the consequences of this policy.
- i. Request for a Retest.** A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will be confirmed with an EBT device. A student's parent(s)/guardian(s) may request that the split specimen be tested at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO (with a copy sent to the Drug Testing Coordinator) within 72 hours of being notified of the final testing result. The student and his or her parent(s)/guardian(s) must pay the associated costs for an additional test in advance. The costs will be reimbursed if the result of the split sample test is negative. The student will remain subject to the consequences of this policy during the retesting procedure.

8. Negative Tests.

Students and their parents will receive verbal or written notice when the student's test result is negative.

9. Consequences for Testing Positive.

Whenever the test results indicate the presence of drugs, Drug Testing Coordinator shall schedule and hold a confidential meeting with the student, parent/guardian, and sponsor/coach. Other members of the school's administration may also attend the meeting. At the meeting, the Drug Testing Coordinator shall explain the drug testing procedures and the policy of the district. The consequences shall be as follows (**All offenses are cumulative in grades 6-8. Offenses that occur in grades 6-8 shall not count as offenses in grades 9-12. All offenses are cumulative in grades 9-12**):

a. First Offense

- i. The student will be ineligible to publicly perform in any extracurricular activity for **14 calendar days**. The day of the positive test result shall be the first day for counting purposes. If the end of the activity precedes the end of the **14 calendar days**, the remaining days will carry over to the next activity, so the student completes the required number of days.
- ii. The student shall attend a drug, alcohol, and/or tobacco/nicotine counseling or educational program at the student's expense as arranged or approved by Drug Testing Coordinator.
- iii. The student must submit to a district administered test and test negative before returning to the activity. The student will return to the random pool.

b. Second Offense

- i. The student will be ineligible to publicly perform in any extracurricular activity for **42 calendar days**. The day of the positive test result shall be the first day for counting purposes. If the end of the activity precedes the end of the **42 calendar days**, the remaining days will carry over to the next activity, so the student completes the required number of days.
- ii. The student shall obtain a drug and alcohol assessment at student's expense from a certified substance abuse counselor or licensed mental health provider who holds a valid license that includes in its scope of practice the ability to administer substance abuse evaluations and/or treatment. The student shall provide written proof of obtaining the assessment to Drug Testing Coordinator. The student is strongly encouraged to comply with the assessment recommendations.
- iii. The student must submit to a district administered test and test negative before returning to the activity. The student will be subject to follow-up drug tests at least one time per month for the next **six (6) months** or end upon graduation.

c. Third Offense

- i. The student will be ineligible to practice or publicly perform in any extracurricular activity for one year from the date of the third positive test or end upon graduation. The day of the positive test result shall be the first day for counting purposes.

- ii. The student must submit to a district administered test and test negative before returning to the activity. The student will be subject to follow-up drug tests at least one time per month for the next **twelve (12) months** or end upon graduation.

d. Fourth Offense

- i. The student will be ineligible to participate in any extracurricular activity for the remainder of the student's time at the school district.

10. Refusal to Test.

A student who refuses to submit to a drug test authorized under this policy or fails or refuses to comply with any other provision of this policy, shall not be eligible to participate in any activities covered under this policy including all meetings, practices, performances and competitions for the **next twelve (12) months**.

11. Tampering.

Tampering is the use of any agent or technique which is designed to avoid detection of a drug and/or compromise the integrity of a drug test and is prohibited. This includes providing false urine samples (for example, urine substitution), contaminating the urine sample with chemicals or chemical products, the use of diuretics to dilute urine samples, and the use of masking. If the Drug Testing Coordinator determines that a student tampered with a drug test, the student shall be deemed to have submitted a positive test.

The use of any such agent or technique shall be treated as a positive test for drugs prohibited by this Policy and shall be subject to the penalties set forth in Section 9 of this Policy.

12. Maintenance of Records

All results of drug testing shall be confidential. Procedures for maintaining confidentiality will be developed by the school district and the testing organization. The Drug Testing Coordinator shall maintain records of positive tests in a secure location. This information will not be available to anyone other than appropriate school personnel and parents. This information will be destroyed upon the student's graduation or one year after the student's class graduates. Under no circumstances will this information become a part of the student's permanent file, nor will it be sent to another school when the student moves to another district or transfers to another school. The school district will not share drug testing results with any law enforcement agencies.

13. Appeal

The school district will rely solely upon the opinion of the MRO to determine whether the positive test result was the result of the consumption of a drug. There shall be no appeal of the test result to any school administrator or the board of education.

14. Severability

If any portion of this policy is deemed to be contrary to the law of the state of Nebraska or the United States by judicial decision or an act of Congress, then only such portion or provision directly deemed to be unconstitutional shall be stricken, and the remainder of the policy shall remain in full force.

PARENT/STUDENT AGREEMENT

I have received and read the Student Handbook that describes the Leyton School District's discipline policies, regulations, rules, and expectations to be followed by students enrolled in the Leyton Public Schools, including the Drug Free School Policy. My child and I have discussed these policies and understand that we must comply with them.
