

Step 4

Communicate Public Notification Methods with NDE

Identify how your School Food Authority (SFA) made the results of the Triennial Assessment publicly available.

Minimum requirement: the current wellness policy and triennial assessment results must be publicly accessible on the SFA's website. Please include a direct link to the webpage where this information is posted.

Additional notification methods (e.g., school newsletter, presentation during board meeting, presentation at open house, etc.) are optional but may be utilized to reach specific audiences. Audiences may include, but are not limited to parents, caregivers, students, teachers, staff, community partners, board, etc.
