Welcome Back, Warrior Families!

A Message from the Superintendent of Leyton Public Schools

Dear Leyton Families,

Welcome to the 2026–2027 school year! As we stand on the doorstep of a brand-new academic term, I want to begin by extending my deepest gratitude to every one of you for choosing Leyton Public Schools. Our district consistently scores incredibly well across all academic content areas. In fact, thanks to the hard work of our educators and students, **Leyton was officially labeled a "Great" School by the Department of Education last year.**

There is only one higher distinction above us: *Excellent*. Achieving that top-tier ranking this year is entirely within our reach, but it requires a true partnership. We need the support of all our students, families, and community members to bridge that final gap.

Direct Ways to Support Your Warrior

Academic success isn't built in a vacuum—it is reinforced daily at home. We ask that you join us in pushing our students toward excellence by focusing on a few foundational habits:

- **Daily Check-Ins:** Set aside time every single day to review what happened in school and discuss what your child is learning.
- **Stay Informed:** Routinely track homework, class assignments, and independent reading. Staying on top of general school topics keeps you actively involved in their progress.
- **Leverage JMC:** Log into the **JMC Student Information System** as often as possible. Use it to monitor grades, track assignments, review lunch balances, and maintain direct contact with your child's teachers.

If we all stay relentlessly focused on consistent daily effort and monitoring grades, our students cannot fail.

Enhanced Communication & Advanced Scheduling

This year, our administration is placing a massive emphasis on proactive communication. Over the course of last year, we realized just how vital advanced scheduling is for busy families.

- **The Master Calendar:** We are distributing a comprehensive master calendar layout for the entire year ahead. While it is naturally subject to change, it will give you a clear roadmap of all major activities well in advance.

- **Real-Time Updates:** For the most up-to-date calendar changes, always visit **Leytonwarriors.org**. You can also follow our official **Facebook** and **Instagram** pages for community announcements and student spotlights.
- **Keep Info Current:** Please ensure your phone numbers and email addresses are fully updated in the **JMC system** with the main office so you never miss critical alerts regarding school closures or announcements.
- **Speak Up:** Open communication goes both ways. If you notice we are missing something, please tell us!

Living the "Warrior Way" & Navigating Challenges

Our culture is defined by a simple, powerful motto that applies to our students, staff, families, and community members alike:

The Warrior Way

We Are Respectful, Responsible, Inspired, Organized, Ready and Safe.

We work hard every day to live by these words, and we expect the same standard of character from our community. I believe with all my heart that if we work hard and are nice to people, Leyton will be the best school district in the state.

Inevitably, the school year will bring moments of challenge, friction, or frustration. When these conflicts arise, **please contact the appropriate staff members directly**. Communicating respectfully and utilizing the school's proper chain of command allows us to resolve almost all classroom or extracurricular concerns quickly and effectively. Our staff is entirely dedicated to ensuring your family has the best educational experience possible.

This is going to be a phenomenal year filled with unique, unforgettable experiences for our students. Thank you for your continued trust and partnership.

It's a great year to be a Warrior!

Best Wishes on a Great School Year,

Matt McLaughlin

Leyton Public Schools

A Note from the Principal

It is hard to believe we are about to embark on a new school year. I hope that all students and families have enjoyed their summer break. I wanted to cover a couple of items for the beginning of the school year. First off at this point and time we will still have a closed campus at the high school for students at lunchtime. The students adjusted well to the change last year and we feel that it is working well. The next item will be the school board approved the use of random drug testing for activities. This will apply to all students in grades 6-12, since activities are available to all students and school dances are considered an activity. The random testing will be ten percent of the population for any test; the students will be chosen at random by the company that will analyze the results. There is more information on our website where the policy is posted. With the beginning of school there will be items that are needed. All high school students that are participating in a fall sport will need to have a physical by the start of fall practice which is August 10th. Junior High students involved in activities will begin when school starts. At this moment 6th Grade girls will be able to participate in Athletics and not boys, if this changes prior to school starting, we will let everyone know. Please make sure that when your 1st day of school packets come home to return them so that we have the most updated contact information so we can keep everything current. Here are a few key dates for the beginning of the school year:

August 10 – 1st day of fall practice for grades 9-12

August 11th – PK-12 Open House 5:00 pm – 6:30 pm

August 12th – 1st Day of School for grades K-12

August 19th – 1st Day of Preschool

I look forward to a great school year and as always if you have questions or comments, please feel free to reach out to me and GO WARRIORS!

Charles Jones - Principal

SCHOOL SAFETY & EMERGENCY PROTOCOLS

An Informational Guide for District Families & Guardian Preparedness

Dear Families, Our highest priority is the safety, well-being, and security of your children. To ensure a safe learning environment, our district utilizes the nationally recognized **Standard Response Protocol (SRP)** created by the *"I Love U Guys" Foundation*. This action-based framework allows students, staff, and first responders to use clear, shared language during any incident. Please review this guide to familiarize yourself with these critical steps and our broader emergency plans.

STANDARD RESPONSE PROTOCOL (SRP) ACTIONS

HOLD! "IN YOUR ROOM OR AREA. CLEAR THE HALLS."

This action is used when hallways need to be kept clear for situations like a medical emergency in a corridor or a localized spill. Students remain in their current classrooms and continue "business as usual" with normal instruction. Teachers close and lock their doors, account for all students, and continue teaching until the "All Clear" is officially announced.

SECURE! "GET INSIDE. LOCK OUTSIDE DOORS."

Previously known as "Shelter-in-Place," this action is activated when there is a threat or hazard outside the school building, such as active criminal activity nearby or a wild animal on school grounds. Staff bring everyone inside, lock all exterior doors, and increase situational awareness. Inside the school, learning and activities continue normally as "business as usual."

LOCKDOWN! "LOCKS, LIGHTS, OUT OF SIGHT."

This action is implemented when there is an active threat inside the school building. Classroom doors are locked immediately, all lights are turned off, and students are moved to a designated area of the room out of direct sight from windows and doors. Silence is maintained. No one opens the classroom doors under any circumstance; response teams or police will clear the rooms.

EVACUATE! "TO A SPECIFIED LOCATION."

Used to move students and staff from one location to another due to hazards like fire, gas leaks, or internal utility failures. Students leave major belongings behind but are encouraged to bring their cell phones if immediately accessible. Teachers lead students along designated routes, account for attendance, and notify emergency coordinators of missing or injured individuals.

SHELTER! "FOR HAZARD AND SAFETY STRATEGY."

This action is used when personal protection is required against environmental hazards such as severe weather, tornadoes, earthquakes, or hazardous material spills. Safe spaces are identified for each hazard (e.g., dropping, covering, and holding during earthquakes, or evacuating to designated interior shelter corridors during severe weather/tornado warnings).

EMERGENCY PREPAREDNESS & OPERATIONS

Essential Student Drills

Students practice specific safety drills starting the first weeks of the school year and routinely throughout the term to ensure reflexes are sharp and calm:

- **Fire Drills:** Regular, rapid evacuation practice to clear school buildings safely.
- **Bus Evacuation Drills:** Instruction on exit protocols from school transport vehicles.
- **Tornado Drills:** Relocating efficiently to fortified interior structures of the facility.
- **Evacuation Drills:** Moving orderly to off-campus areas under staff coordination.

Off-Site Evacuation & Reunification

If an emergency requires us to leave the school completely, students will be relocated to one of our pre-arranged, secure district off-site facilities:

- **The Community Hall in Gurley**
- **The Legion Hall in Dalton**

Both locations are fully vetted, have sufficient space for our entire student body, and provide restrooms and clean drinking water to keep students comfortable.

Guardian Action Note: Do not rush to the school. Await official text/email notification detailing strict sign-out, ID verification, and student release procedures at the designated site.
